

ICDL Profile Pack

The ICDL Profile Pack is the new, easy way to purchase ICDL for your learners. It includes everything they need to achieve ICDL certification. This new product simplifies purchasing and administration for your staff.

Simply select the number of modules you need for your course and purchase the corresponding sized ICDL Profile Pack for each learner, e.g. a 7-module Profile Pack.

Purchasing Profile Packs is more cost effective than purchasing modules individually.

What's included?

For each module, your learners receive:

- **Learning resources** - eLearning available on most modules, with eBooks on modules where appropriate.
- **Diagnostic tests** - 3 are included per Module Pack for learners to check their new skills as they go.
- **Certification tests** - 1 is included per Module Pack, with **limited** repeats if necessary.
- **Digital certification** - your learners will each receive an ICDL Profile Certificate after passing their first module that updates with each certification test they pass.
